AMENDMENT TO THE DRAWINGS

Substitute formal drawings indicating added or changed reference numerals and other minor changes, as well as a clean copy of the substitute formal drawings, are attached hereto.

REMARKS

The Applicants have amended the specification and formal drawings as indicated above. A substitute specification and drawings, indicating the text of any added matter and any deleted matter, and a clean copy of the substitute specification and drawings are attached hereto, as required by 37 C.F.R. § 1.125.

The amendments to the specification and to the drawings are necessitated by the large number of typographical errors, redundancies and internal inconsistencies in the specification as originally filed. The Applicants submit that the substitute specification and the substitute formal drawings contain no new matter.

The Applicants submit that all claims in the application are in condition for allowance, and such action is respectfully requested.
